

Fayetteville-Cumberland County Storm Water Services

Some of Our Services and Programs

- Prioritized drainage projects in identified problem areas involving new infrastructure improvements or maintenance and repair
- Beaver management program coordinated with USDA Wildlife Services
- Public education programs including volunteer groups to reduce pollution
- Provide limited cleaning of waterways to remove debris
- Provide a customer service Hotline for 24-hour problem reporting and prompt referrals

STOP POLLUTING...START PROTECTING.
The Earth is Our ONLY Home!
